## *A Note from Pastor Robin*

To All of God's People at St. Andrews,

It was almost 12 years ago that I joined Facebook. I joined because I was a new Associate Pastor and one of the things I did was work with youth. Now, way back then, Facebook was the best way to communicate with the youth (not so much anymore). The first time I created an event on Facebook, I had 15 replies within an hour – it was amazing! Clear, timely, communication! I was thrilled.

Today, Facebook has become less about youth, but more about people of all generations sharing, creating events, building community and connecting. It is time for us to use Facebook intentionally as a communication tool to reach out to our community.

*Now, I know some of you don't use Facebook and don't want to, and that is fine. But keep reading, I am hoping this will still be meaningful information for you.*

When I came to St. Andrews, it was wonderful to see the active Facebook group. This continues to be a place where we as a congregation connect, share prayer concerns and announcements, as well as scriptures or songs to offer us all a moment to connect with God during the week. This is a meaningful part of our life as a congregation, and it should continue just as it is. Yet, we are starting to actively use our Facebook **page**. (The group and the page are connected but are very different). The Facebook page allows us to post things that the community is also able to see and engage with. For the next year, we are working with a consultant, who sees his ministry as helping churches use Facebook to grow. The goal is to reach over 500 people regularly, offering a bit of Christ's hope in a scripture or through a song recorded from our worship service. This will help us reach our neighbors online, and perhaps help us get to know them as well.

To do this we need your help. If you do use Facebook, please **like** our Facebook page. Next, when you see a post click like or even comment. The more a post is engaged with, the more Facebook connects others to the post and to us at St. Andrews. These are small interactions, yet ones that will greatly change how St. Andrews interacts with the community. If you have ideas for other ways we can use social media, please come and talk to me.

*continued on next page*

Part of our mission statement says that we: *welcome and serve the greater community in God's love*. In today's world, part of welcoming and serving the greater community is offering God's love through social media. May God use all of our efforts to reach those who need to know they are loved, who need to know that they are important to God and to us.

In the Hope of Christ,  
Pastor Robin

We were host for 2 weeks to 24 different guests from 8:30 pm to 7:15 am. Eight were children under 10 who enjoyed a snack, played games, drew pictures, and read with us (if they weren't jumping off the steps) while parents prepared for much-needed rest. Whether you helped check in and welcome or stayed over-night, your time aiding in this ministry is **invaluable**. *Thank you for making the time*. Please continue to pray for folks who find themselves homeless. Pray that they quickly find a physical home and, ultimately, a “home” in knowing the love of God through His Son, Jesus. I thank God for all the blessings of life and Thank YOU for sharing His love! Next opportunity to help with Fresh Start emergency shelter: March 23- April 6, 2020.

## Everyone

Fall is upon us, that means that it is also time to start thinking about Trunk or Treat! Everyone is invited to participate in the fun of the evening. All you need to do is sign up so a spot can be set aside for your vehicle, and then have fun with dressing up your vehicle! There have been some fun costumes over the year, from dental exam vans to Lord of the Rings. Each year brings out the creative side of this church and it is a blast. If you are interested in participating in Trunk or Treat the sign up is on the bulletin board by the CE Office.

EPYC and TrailBlazers have kicked off to a great start! I would like to encourage everyone to take a moment to take a look at the curriculums that we are using for the year. The TrailBlazers are using What's in the Bible with Buck Denver, and EPYC is using the Bible Project. There are links to information on each of these curriculums posted on the Church Facebook page. What's in the Bible offers the TrailBlazers a chance to explore scripture in a fun and entertaining manner. The Bible Project offers overviews on discussion on each of the books of the bible. If you have any questions about what the youth are learning please feel free to ask.

## **Music & Movement Time**

*Sundays after the early service from approx.  
9:45am-10:00am*

St. Andrews wants to make music is an important part of our children's education program. We are planning a fun and energetic time to introduce the children to their faith through song & movement, and give them experience singing as a group. Children in Preschool thru Grade 6 (the 'upstairs' classes!) will have a music time each week in the C.E. hall -Room 2 right after the early service and just before Sunday School time, and will sing occasionally in worship. Questions about this new adventure can be answered by Kent Pierce and Mary Lynne Mulligan.

**A Grief Support Group  
of  
St. Andrews Church**

*Whoever survives a test, whatever it may be, must tell the story. That is his duty.*

Elie Wiesel

Surviving the death of a loved one is its own kind of test. What does it mean, that it's our duty to tell our story?

To tell our story is a way of affirming the life of the one who has passed – the experiences we had together, the favorite family stories. To tell the story is also a way of moving our grief along, and so contributes to our own healing.

But it is also a gift to others – to tell not only the shared story of the life that has passed, but our own story in relation to this event – how we got through it. What were our fears, our panics? What helped us? What saved the day? If there was a moment when we felt light break through, what was that like?

Sharing the stories is what the members of the St. Andrews Grief Support Group do every time we meet together. Some one or more than one of us has a story to tell about some part of the grief journey we are all working through. By sharing these stories we are helping the others realize that their experiences are not so strange, rather they are very “normal”. We frequently have someone who has been meeting with us for a period of time, come to us and say how much better they feel about their time of grieving and about their approach to the life ahead of them, as a result of meeting with us and hearing the stories of the other people who are in similar circumstances. It’s a huge step in the grieving journey to be able to feel that way.

Anyone is welcome to come to our meetings, regardless of how recent or how long ago the grieving process began. If you or someone you know might benefit from meeting with us, even if they are not members of St. Andrews, please encourage them to come talk to us. We will welcome them warmly.

Our meetings usually are held on the 2<sup>nd</sup> Thursday of each month, at 2:00 PM, in Cassel Chapel, unless we plan something special. The October meeting will be held on Thursday, October 10, at 2:00 PM, in the Chapel.

If you have any questions, please feel free to contact our Advisor, Diane Pomeroy, at 717-454-0756; Pat Yates at 717-273-9297; or call the church office at 717-272-9933,

Our friends will come to their crises of death soon enough. Perhaps we can ease the way for them. See – it’s alright to cry. It’s alright to be confused and not know what to do. And if there are moments of light and hope, of wonderful support and faith – why, we need to tell those stories, too.
